## Why Community Golf Coach?

A Community Golf Coach who has better depth in his or her skills when working with youth and children can greatly benefit a CN Future Links program. The workshop is an ideal opportunity for you, the coach, to reflect on your current understanding of children, junior golf, and the environment children participate in. Community golf coaches have the opportunity to have an impact on the lives of children being introduced to golf in Canada.

## Who?

The Community Golf Coach may already help or volunteer at their local golf club or even assist with a PGA Professional with an emphasis on some of the following individuals: Lead volunteers? Parents? Club members? PGA members (CFM)? Junior Coordinators?
